The **League of Women Voters of Wyoming (LWVWY)** wants to hear from you! Our focus this election season is to engage and support our citizens who are 18- 35 years old by encouraging more to register to vote. This group of young people is critical to driving our future, yet they remain significantly underrepresented.

The **LWVWY** is non-partisan, and this initiative has no party affiliation. We do not support any specific party, whether Democrat, Republican, or Independent. Our goal is simple: to ensure all people are heard, and this begins with registering to vote.

WHY PARTICIPATE?

- **Voice Your Opinion:** Help shape the future by sharing your thoughts on creative ways to encourage voter registration.
- **Make an Impact:** Your feedback will directly influence our campaign strategies.
- **Be Heard:** This is an opportunity for you to ensure that young voices are represented in our political process.
